

tints *of* nature®

Tints of Nature Highlight and Lightener Kits

Directions for Use:

An instruction leaflet is included in each colour box.

Always carry out a sensitivity test before you use Tints of Nature Highlight or Lightener Kit. We also strongly recommend that you do a strand test before use, particularly if you are using a shade for the first time or over other hair colours.

Ingredients:

Made with natural wheat proteins and pharmaceutical grade peroxide, these two kits leave hair beautifully conditioned and permanently lightened.

better hair, better result, better you
